## CODE OF CONDUCT FOR PREVENTION OF INSIDER TRADING

### 1. INTRODUCTION

Insider trading means dealing in Securities of a company by its Directors, Employees or other Insiders while in possession of Unpublished Price Sensitive Information (“**UPSI**”). Such dealings by Insiders erode the investors’ confidence in the integrity of the management and are unhealthy for the capital markets.

The Securities and Exchange Board of India (“**SEBI**”), in its endeavor to protect the interests of investors in general, had formulated the SEBI (Insider Trading) Regulations, 1992 under the powers conferred on it under the SEBI Act, 1992. These regulations came into force with effect from 19th November 1992 and the same were made applicable to all companies whose shares are listed on Indian Stock Exchanges

To strengthen the existing regulations and to create a framework for prevention of insider trading to facilitate legitimate business transactions, SEBI had constituted a Committee under the Chairmanship of Hon’ble Justice N. K. Sodhi in April 2013. Some of the recommendations of the Committee were considered and approved by SEBI Board and accordingly, the “Securities & Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015” (hereinafter referred to as “**the Regulations**”) were notified by SEBI on January 15, 2015 which became effective from May 14, 2015. Further, SEBI also constituted Vishwanathan Committee to look into the changes required in the aforesaid Regulations. Based on the recommendations of this Committee, SEBI vide notifications dated December 31, 2018 (which will become effective from April 1, 2019), January 21, 2019, July 25, 2019 September 17, 2019, July 17, 2020, October 29, 2020 and April 26, 2021 made further amendments to the aforesaid Regulations. The Regulations not only regulate insider trading but also seek to prohibit insider trading. The text of the Regulations is given in “Appendix A”.

The relevant extract of Regulations 3(1), 3(2) and 4(1) of the Regulations, which prohibits insider trading and communication of UPSI is quoted below:

*“3(1) No insider shall communicate, provide, or allow access to any unpublished price sensitive information, relating to a company or securities listed or proposed to be listed, to any person including other insiders except where such communication is in furtherance of legitimate purposes, performance of duties or discharge of legal obligations.”*

*“3(2) No person shall procure from or cause the communication by any insider of unpublished price sensitive information, relating to a company or securities listed or proposed to be listed, except in furtherance of legitimate purposes, performance of duties or discharge of legal obligations.”*

*“4(1) No insider shall trade in securities that are listed or proposed to be listed on a stock exchange when in possession of unpublished price sensitive information.....”*

*Explanation: When a person who has traded in securities has been in possession of unpublished price sensitive information, his trades would be presumed to have been motivated by the knowledge and awareness of such information in his possession;”*

It is mandatory in terms of the Regulations for every listed company, intermediary, fiduciary and any other person who is required to handle UPSI in the course of business operations to formulate a Code of Conduct for Prevention of Insider Trading to regulate,

monitor and report trading by its Designated Persons and Immediate Relative(s) of such Designated Persons and other Connected Persons.

The subject of disclosure practices and insider trading have already been dealt with in the Tata Code of Conduct. Clauses 14 to 20 and Clause 22 respectively of the Tata Code of Conduct, currently in force, dealing with these subjects are reproduced below:

*14. Our employees shall not make any wilful omissions or material misrepresentation that would compromise the integrity of our records, internal or external communications and reports, including the financial statements.*

*15. Our employees and directors shall seek proper authorisation prior to disclosing company or business-related information, and such disclosures shall be made in accordance with our company's media and communication policy. This includes disclosures through any forum or media, including through social media.*

*16. Our employees shall ensure the integrity of personal data or information provided by them to our company. We shall safeguard the privacy of all such data or information given to us in accordance with applicable company policies or law.*

*17. Our employees shall respect and protect all confidential information and intellectual property of our company.*

*18. Our employees shall safeguard the confidentiality of all third party intellectual property and data. Our employees shall not misuse such intellectual property and data that comes into their possession and shall not share it with anyone, except in accordance with applicable company policies or law.*

### **Insider Trading**

Tata Securities Limited (“TSL”) is an unlisted Company. Hence, the Securities of the Company cannot be traded on any stock exchange. However, TSL is an intermediary registered with the SEBI and is primarily engaged in the business of providing services as a Depository Participant and for distribution of Mutual Fund products. Also, TSL is registered with SEBI for conducting Merchant Banking activities, Portfolio Management Services, Research and Advisory services with active licenses in the Currency Derivatives and Futures and Options segment (licenses registered with the National Stock Exchange of India Limited). The Code is based on the principle that Directors and Employees of TSL owe a fiduciary duty to, among others, the Security holders of the Company to place the interest of the Security holders above their own and conduct their personal Securities transactions in a manner that does not create any conflict of interest situation.

The Code is also intended to serve as a guiding charter for all concerned persons associated with the functioning of listed companies and their trading in Securities of such companies. Further, the Code also seeks to ensure timely and adequate disclosure of Unpublished Price Sensitive Information to the investor community by the Company to enable them to take informed investment decisions with regard to the Company's Securities. Principles of Fair Disclosure for purposes of Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information

## **SCHEDULE B**

Minimum Standards for Code of Conduct for Listed Companies to Regulate, Monitor and Report Trading by Designated Persons

## **SCHEDULE C**

Minimum Standards for Code of Conduct for Intermediaries and Fiduciaries to Regulate, Monitor and Report Trading by Designated Persons

### **CHAPTER – I**

#### **PRELIMINARY**

##### **Short title and commencement.**

(1) These regulations may be called the SEBI (Prohibition of Insider Trading) Regulations, 2015.

(2) These regulations shall come into force on the one hundred and twentieth day from the date of its publication in the Official Gazette.

##### **Definitions.**

2. (1) In these regulations, unless the context otherwise requires, the following words, expressions and derivations therefrom shall have the meanings assigned to them as under:–

(a) "Act" means the Securities and Exchange Board of India Act, 1992 (15 of 1992);

(b) "Board" means the Securities and Exchange Board of India;

(c) "compliance officer" means any senior officer, designated so and reporting to the board of directors or head of the organization in case board is not there, who is financially literate and is capable of appreciating requirements for legal and regulatory compliance under these regulations and who shall be responsible for compliance of policies, procedures, maintenance of records, monitoring adherence to the rules for the preservation of unpublished price sensitive information, monitoring of trades and the implementation of the codes specified in these regulations under the overall supervision of the board of directors of the listed company or the head of an organization, as the case may be;

**Explanation**–For the purpose of this regulation, “financially literate” shall mean a person who has the ability to read and understand basic financial statements i.e. balance sheet, profit and loss account, and statement of cash flows.

(d) "connected person" means,-

(i) any person who is or has during the six months prior to the concerned act been associated with a company, directly or indirectly, in any capacity including by reason of frequent communication with its officers or by being in any contractual, fiduciary or

employment relationship or by being a director, officer or an employee of the company or holds any position including a professional or business relationship between himself and the company whether temporary or permanent, that allows such person, directly or indirectly, access to unpublished price sensitive information or is reasonably expected to allow such access.

(ii) Without prejudice to the generality of the foregoing, the persons falling within the following categories shall be deemed to be connected persons unless the contrary is established, -

- (a). an immediate relative of connected persons specified in clause (i); or
- (b). a holding company or associate company or subsidiary company; or
- (c). an intermediary as specified in section 12 of the Act or an employee or director thereof; or
- (d). an investment company, trustee company, asset management company or an employee or director thereof; or
- (e). an official of a stock exchange or of clearing house or corporation; or
- (f). a member of board of trustees of a mutual fund or a member of the board of directors of the asset management company of a mutual fund or is an employee thereof; or
- (g). a member of the board of directors or an employee, of a public financial institution as defined in section 2 (72) of the Companies Act, 2013; or
- (h). an official or an employee of a self-regulatory organization recognised or authorized by the Board; or
- (i). a banker of the company; or
- (j). a concern, firm, trust, Hindu undivided family, company or association of persons wherein a director of a company or his immediate relative or banker of the company, has more than ten per cent. of the holding or interest;

**NOTE:** *It is intended that a connected person is one who has a connection with the company that is expected to put him in possession of unpublished price sensitive information. Immediate relatives and other categories of persons specified above are also presumed to be connected persons but such a presumption is a deeming legal fiction and is rebuttable. This definition is also intended to bring into its ambit persons who may not seemingly occupy any position in a company but are in regular touch with the company and its officers and are involved in the know of the company's operations. It is intended to bring within its ambit those who would have access to or could access unpublished price sensitive information about any company or class of companies by virtue of any connection that would put them in possession of unpublished price sensitive information.*

(e) "generally available information" means information that is accessible to the public on a non-discriminatory basis;

**NOTE:** *It is intended to define what constitutes generally available information so that it is easier to crystallize and appreciate what unpublished price sensitive information is. Information published on the website of a stock exchange, would ordinarily be considered generally available.*

(f) "immediate relative" means a spouse of a person, and includes parent, sibling, and child of such person or of the spouse, any of whom is either dependent financially on such person, or consults such person in taking decisions relating to trading in securities;

**NOTE:** *It is intended that the immediate relatives of a “connected person” too become connected persons for purposes of these regulations. Indeed, this is a rebuttable presumption.*

(g) "insider" means any person who is:

- i) a connected person; or
- ii) in possession of or having access to unpublished price sensitive information;

**NOTE:** *Since “generally available information” is defined, it is intended that anyone in possession of or having access to unpublished price sensitive information should be considered an “insider” regardless of how one came in possession of or had access to such information. Various circumstances are provided for such a person to demonstrate that he has not indulged in insider trading. Therefore, this definition is intended to bring within its reach any person who is in receipt of or has access to unpublished price sensitive information. The onus of showing that a certain person was in possession of or had access to unpublished price sensitive information at the time of trading would, therefore, be on the person leveling the charge after which the person who has traded when in possession of or having access to unpublished price sensitive information may demonstrate that he was not in such possession or that he has not traded or or he could not access or that his trading when in possession of such information was squarely covered by the exonerating circumstances.*

(h) "promoter" shall have the meaning assigned to it under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 or any modification thereof;

(ha) "promoter group" shall have the meaning assigned to it under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 or any modification thereof;

(hb) “proposed to be listed” shall include securities of an unlisted company:

- (i) if such unlisted company has filed offer documents or other documents, as the case may be, with the Board, stock exchange(s) or registrar of companies in connection with the listing; or
- (ii) if such unlisted company is getting listed pursuant to any merger or amalgamation and has filed a copy of such scheme of merger or amalgamation under the Companies Act, 2013;

(i) "securities" shall have the meaning assigned to it under the Securities Contracts (Regulation) Act, 1956 (42 of 1956) or any modification thereof except units of a mutual fund;

(j) "specified" means specified by the Board in writing;

(k) "takeover regulations" means the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and any amendments thereto;

(l) "trading" means and includes subscribing, buying, selling, dealing, or agreeing to subscribe, buy, sell, deal in any securities, and "trade" shall be construed accordingly ;

**NOTE:** Under the parliamentary mandate, since the Section 12A (e) and Section 15G of the Act employs the term 'dealing in securities', it is intended to widely define the term "trading" to include dealing. Such a construction is intended to curb the activities based on unpublished price sensitive information which are strictly not buying, selling or subscribing, such as pledging etc when in possession of unpublished price sensitive information.

(m) "trading day" means a day on which the recognized stock exchanges are open for trading;

(n) "unpublished price sensitive information" means any information, relating to a company or its securities, directly or indirectly, that is not generally available which upon becoming generally available, is likely to materially affect the price of the securities and shall, ordinarily including but not restricted to, information relating to the following: –

(i) financial results;

(ii) dividends;

(iii) change in capital structure;

(iv) mergers, de-mergers, acquisitions, delistings, disposals and expansion of business and such other transactions;

(v) changes in key managerial personnel; and

**NOTE:** It is intended that information relating to a company or securities, that is not generally available would be unpublished price sensitive information if it is likely to materially affect the price upon coming into the public domain. The types of matters that would ordinarily give rise to unpublished price sensitive information have been listed above to give illustrative guidance of unpublished price sensitive information.

(2) Words and expressions used and not defined in these regulations but defined in the Securities and Exchange Board of India Act, 1992 (15 of 1992), the Securities Contracts (Regulation) Act, 1956 (42 of 1956), the Depositories Act, 1996 (22 of 1996) or the Companies Act, 2013 (18 of 2013) and rules and regulations made thereunder shall have the meanings respectively assigned to them in those legislation.

## **CHAPTER – II**

### **RESTRICTIONS ON COMMUNICATION AND TRADING BY INSIDERS**

#### **Communication or procurement of unpublished price sensitive information.**

3. (1) No insider shall communicate, provide, or allow access to any unpublished price sensitive information, relating to a company or securities listed or proposed to be listed, to any person including other insiders except where such communication is in furtherance of legitimate purposes, performance of duties or discharge of legal obligations.

**NOTE:** This provision is intended to cast an obligation on all insiders who are essentially persons in possession of unpublished price sensitive information to handle such information with care and to deal with the information with them when transacting their business strictly on a need-to-know basis. It is also intended to lead to organizations developing practices based on need-to-know principles for treatment of information in their possession.

(2) No person shall procure from or cause the communication by any insider of unpublished price sensitive information, relating to a company or securities listed or

proposed to be listed, except in furtherance of legitimate purposes, performance of duties or discharge of legal obligations.

**NOTE:** *This provision is intended to impose a prohibition on unlawfully procuring possession of unpublished price sensitive information. Inducement and procurement of unpublished price sensitive information not in furtherance of one's legitimate duties and discharge of obligations would be illegal under this provision.*

(2A) The board of directors of a listed company shall make a policy for determination of "legitimate purposes" as a part of "Codes of Fair Disclosure and Conduct" formulated under regulation 8.

**Explanation**—For the purpose of illustration, the term "legitimate purpose" shall include sharing of unpublished price sensitive information in the ordinary course of business by an insider with partners, collaborators, lenders, customers, suppliers, merchant bankers, legal advisors, auditors, insolvency professionals or other advisors or consultants, provided that such sharing has not been carried out to evade or circumvent the prohibitions of these regulations.

(2B) Any person in receipt of unpublished price sensitive information pursuant to a "legitimate purpose" shall be considered an "insider" for purposes of these regulations and due notice shall be given to such persons to maintain confidentiality of such unpublished price sensitive information in compliance with these regulations.

(3) Notwithstanding anything contained in this regulation, an unpublished price sensitive information may be communicated, provided, allowed access to or procured, in connection with a transaction that would:—

(i) entail an obligation to make an open offer under the takeover regulations where the board of directors of the listed company is of informed opinion that the sharing of such information is in the best interests of the company;

**NOTE:** *It is intended to acknowledge the necessity of communicating, providing, allowing access to or procuring UPSI for substantial transactions such as takeovers, mergers and acquisitions involving trading in securities and change of control to assess a potential investment. In an open offer under the takeover regulations, not only would the same price be made available to all shareholders of the company but also all information necessary to enable an informed divestment or retention decision by the public shareholders is required to be made available to all shareholders in the letter of offer under those regulations.*

(ii) not attract the obligation to make an open offer under the takeover regulations but where the board of directors of the listed company is of informed opinion that the sharing of such information is in the best interests of the company and the information that constitute unpublished price sensitive information is disseminated to be made generally available at least two trading days prior to the proposed transaction being effected in such form as the board of directors may determine to be adequate and fair to cover all relevant and material facts.

**NOTE:** *It is intended to permit communicating, providing, allowing access to or procuring UPSI also in transactions that do not entail an open offer obligation under the takeover regulations when authorized by the board of directors if sharing of such information if it is in the best interests of the company. The board of directors, however, would cause public disclosures of such unpublished price sensitive information well before the proposed transaction to rule out any information asymmetry in the market.*

(4) For purposes of sub-regulation (3), the board of directors shall require the parties to execute agreements to contract confidentiality and non-disclosure obligations on the part of such parties and such parties shall keep information so received confidential, except for the purpose of sub-regulation (3), and shall not otherwise trade in securities of the company when in possession of unpublished price sensitive information.

(5) The board of directors shall ensure that a structured digital database is maintained containing the names of such persons or entities as the case may be with whom information is shared under this regulation along with the Permanent Account Number or any other identifier authorized by law where Permanent Account Number is not available. Such databases shall be maintained with adequate internal controls and checks such as time stamping and audit trails to ensure non-tampering of the database.

**Trading when in possession of unpublished price sensitive information.**

4. (1) No insider shall trade in securities that are listed or proposed to be listed on a stock exchange when in possession of unpublished price sensitive information:

**Explanation-** When a person who has traded in securities has been in possession of unpublished price sensitive information, his trades would be presumed to have been motivated by the knowledge and awareness of such information in his possession;

Provided that the insider may prove his innocence by demonstrating the circumstances including the following: –

(i) the transaction is an off-market *inter-se* transfer between insiders who were in possession of the same unpublished price sensitive information without being in breach of regulation 3 and both parties had made a conscious and informed trade decision;

Provided that such unpublished price sensitive information was not obtained under sub-regulation (3) of regulation 3 of these regulations.

Provided further that such off-market trades shall be reported by the insiders to the company within two working days. Every company shall notify the particulars of such trades to the stock exchange on which the securities are listed within two trading days from receipt of the disclosure or from becoming aware of such information.

(ii) the transaction was carried out through the block deal window mechanism between persons who were in possession of the unpublished price sensitive information without being in breach of regulation 3 and both parties had made a conscious and informed trade decision;

Provided that such unpublished price sensitive information was not obtained by either person under sub-regulation (3) of regulation 3 of these regulations.

(iii) the transaction in question was carried out pursuant to a statutory or regulatory obligation to carry out a bona fide transaction.

(iv) the transaction in question was undertaken pursuant to the exercise of stock options in respect of which the exercise price was pre-determined in compliance with applicable regulations.

(v) in the case of non-individual insiders: –

(a) the individuals who were in possession of such unpublished price

sensitive information were different from the individuals taking trading decisions and such decision-making individuals were not in possession of such unpublished price sensitive information when they took the decision to trade; and

(b) appropriate and adequate arrangements were in place to ensure that these regulations are not violated and no unpublished price sensitive information was communicated by the individuals possessing the information to the individuals taking trading decisions and there is no evidence of such arrangements having been breached;

(vi) the trades were pursuant to a trading plan set up in accordance with regulation 5.

**NOTE:** *When a person who has traded in securities has been in possession of unpublished price sensitive information, his trades would be presumed to have been motivated by the knowledge and awareness of such information in his possession. The reasons for which he trades or the purposes to which he applies the proceeds of the transactions are not intended to be relevant for determining whether a person has violated the regulation. He traded when in possession of unpublished price sensitive information is what would need to be demonstrated at the outset to bring a charge. Once this is established, it would be open to the insider to prove his innocence by demonstrating the circumstances mentioned in the proviso, failing which he would have violated the prohibition.*

(2) In the case of connected persons the onus of establishing, that they were not in possession of unpublished price sensitive information, shall be on such connected persons and in other cases, the onus would be on the Board.

(3) The Board may specify such standards and requirements, from time to time, as it may deem necessary for the purpose of these regulations.

### **Trading Plans.**

5. (1) An insider shall be entitled to formulate a trading plan and present it to the compliance officer for approval and public disclosure pursuant to which trades may be carried out on his behalf in accordance with such plan.

**NOTE:** *This provision intends to give an option to persons who may be perpetually in possession of unpublished price sensitive information and enabling them to trade in securities in a compliant manner. This provision would enable the formulation of a trading*

*plan by an insider to enable him to plan for trades to be executed in future. By doing so, the possession of unpublished price sensitive information when a trade under a trading plan is actually executed would not prohibit the execution of such trades that he had pre- decided even before the unpublished price sensitive information came into being.*

(2) Such trading plan shall:—

(i) not entail commencement of trading on behalf of the insider earlier than six months from the public disclosure of the plan;

**NOTE:** *It is intended that to get the benefit of a trading plan, a cool-off period of six months is necessary. Such a period is considered reasonably long for unpublished price*

*sensitive information that is in possession of the insider when formulating the trading plan, to become generally available. It is also considered to be a reasonable period for a time lag in which new unpublished price sensitive information may come into being without adversely affecting the trading plan formulated earlier. In any case, it should be remembered that this is only a statutory cool-off period and would not grant immunity from action if the insider were to be in possession of the same unpublished price sensitive information both at the time of formulation of the plan and implementation of the same.*

(ii) not entail trading for the period between the twentieth trading day prior to the last day of any financial period for which results are required to be announced by the issuer of the securities and the second trading day after the disclosure of such financial results;

**NOTE:** *Since the trading plan is envisaged to be an exception to the general rule prohibiting trading by insiders when in possession of unpublished price sensitive information, it is important that the trading plan does not entail trading for a reasonable period around the declaration of financial results as that would generate unpublished price sensitive information.*

(iii) entail trading for a period of not less than twelve months;

**NOTE:** *It is intended that it would be undesirable to have frequent announcements of trading plans for short periods of time rendering meaningless the defence of a reasonable time gap between the decision to trade and the actual trade. Hence it is felt that a reasonable time would be twelve months.*

(iv) not entail overlap of any period for which another trading plan is already in existence;

**NOTE:** *It is intended that it would be undesirable to have multiple trading plans operating during the same time period. Since it would be possible for an insider to time the publication of the unpublished price sensitive information to make it generally available instead of timing the trades, it is important not to have the ability to initiate more than one plan covering the same time period.*

(v) set out either the value of trades to be effected or the number of securities to be traded along with the nature of the trade and the intervals at, or dates on which such trades shall be effected; and

**NOTE:** *It is intended that while regulations should not be too prescriptive and rigid about what a trading plan should entail, they should stipulate certain basic parameters that a trading plan should conform to and within which, the plan may be formulated with full flexibility. The nature of the trades entailed in the trading plan i.e. acquisition or disposal should be set out. The trading plan may set out the value of securities or the number of securities to be invested or divested. Specific dates or specific time intervals may be set out in the plan.*

(vi) not entail trading in securities for market abuse.

**NOTE:** *Trading on the basis of such a trading plan would not grant absolute immunity from bringing proceedings for market abuse. For instance, in the event of manipulative timing of the release of unpublished price sensitive information to ensure that trading under a trading plan becomes lucrative in circumvention of regulation 4*

*being detected, it would be open to initiate proceedings for alleged breach of SEBI (Prohibition of Fraudulent and Unfair Trade Practices Relating to the Securities Market) Regulations, 2003.*

(3) The compliance officer shall review the trading plan to assess whether the plan would have any potential for violation of these regulations and shall be entitled to seek such express undertakings as may be necessary to enable such assessment and to approve and monitor the implementation of the plan.

**NOTE:** *It is intended that the compliance officer would have to review and approve the plan. For doing so, he may need the insider to declare that he is not in possession of unpublished price sensitive information or that he would ensure that any unpublished price sensitive information in his possession becomes generally available before he commences executing his trades. Once satisfied, he may approve the trading plan, which would then have to be implemented in accordance with these regulations.*

Provided that pre-clearance of trades shall not be required for a trade executed as per an approved trading plan.

Provided further that trading window norms and restrictions on contra trade shall not be applicable for trades carried out in accordance with an approved trading plan.

(4) The trading plan once approved shall be irrevocable and the insider shall mandatorily have to implement the plan, without being entitled to either deviate from it or to execute any trade in the securities outside the scope of the trading plan.

Provided that the implementation of the trading plan shall not be commenced if any unpublished price sensitive information in possession of the insider at the time of formulation of the plan has not become generally available at the time of the commencement of implementation and in such event the compliance officer shall confirm that the commencement ought to be deferred until such unpublished price sensitive information becomes generally available information so as to avoid a violation of sub-regulation (1) of regulation 4.

**NOTE:** *It is intended that since the trading plan is an exception to the general rule that an insider should not trade when in possession of unpublished price sensitive information, changing the plan or trading outside the same would negate the intent behind the exception. Other investors in the market, too, would factor the impact of the trading plan on their own trading decisions and in price discovery. Therefore, it is not fair or desirable to permit the insider to deviate from the trading plan based on which others in the market have assessed their views on the securities.*

*The proviso is intended to address the prospect that despite the six-month gap between the formulation of the trading plan and its commencement, the unpublished price sensitive information in possession of the insider is still not generally available. In such a situation, commencement of the plan would conflict with the over-riding principle that trades should not be executed when in possession of such information. If the very same unpublished price sensitive information is still in the insider's possession, the commencement of execution of the trading plan ought to be deferred.*

(5) Upon approval of the trading plan, the compliance officer shall notify the plan to the stock exchanges on which the securities are listed.

**NOTE:** *It is intended that given the material exception to the prohibitory rule in regulation 4, a trading plan is required to be publicly disseminated. Investors in the market at large would also factor the potential pointers in the trading plan in their own assessment of the securities and price discovery for them on the premise of how the insiders perceive the prospects or approach the securities in their trading plan.*

## **CHAPTER – III**

### **DISCLOSURES OF TRADING BY INSIDERS General provisions.**

6. (1) Every public disclosure under this Chapter shall be made in such form as may be specified.

(2) The disclosures to be made by any person under this Chapter shall include those relating to trading by such person's immediate relatives, and by any other person for whom such person takes trading decisions.

**NOTE:** *It is intended that disclosure of trades would need to be of not only those executed by the person concerned but also by the immediate relatives and of other persons for whom the person concerned takes trading decisions. These regulations are primarily aimed at preventing abuse by trading when in possession of unpublished price sensitive information and therefore, what matters is whether the person who takes trading decisions is in possession of such information rather than whether the person who has title to the trades is in such possession.*

(3) The disclosures of trading in securities shall also include trading in derivatives of securities and the traded value of the derivatives shall be taken into account for purposes of this Chapter:

Provided that trading in derivatives of securities is permitted by any law for the time being in force.

(4) The disclosures made under this Chapter shall be maintained by the company, for a minimum period of five years, in such form as may be specified.

### **Disclosures by certain persons.**

7. (1) *Initial Disclosures.*

(a). Every promoter, member of the promoter group, key managerial personnel and director of every company whose securities are listed on any recognised stock exchange shall disclose his holding of securities of the company as on the date of these regulations taking effect, to the company within thirty days of these regulations taking effect;

(b). Every person on appointment as a key managerial personnel or a director of the company or upon becoming a promoter or member of the promoter group shall disclose his holding of securities of the company as on the date of appointment or becoming a promoter or member of the promoter group, to the company within seven days of such appointment or becoming a promoter or member of the promoter group.

(2) *Continual Disclosures.*

(a). Every promoter, designated person and director of every company shall disclose to the company the number of such securities acquired or disposed of within two

trading days of such transaction if the value of the securities traded, whether in one transaction or a series of transactions over any calendar quarter, aggregates to a traded value in excess of ten lakh rupees or such other value as may be specified;

(b). Every company shall notify the particulars of such trading to the stock exchange on which the securities are listed within two trading days of receipt of the disclosure or from becoming aware of such information.

Explanation. — It is clarified for the avoidance of doubts that the disclosure of the incremental transactions after any disclosure under this sub-regulation, shall be made when the transactions effected after the prior disclosure cross the threshold specified in clause (a) of sub-regulation (2).

*Disclosures by other connected persons.*

(3) Any company whose securities are listed on a stock exchange may, at its discretion require any other connected person or class of connected persons to make disclosures of holdings and trading in securities of the company in such form and at such frequency as may be determined by the company in order to monitor compliance with these regulations.

**NOTE:** *This is an enabling provision for listed companies to seek information from those to whom it has to provide unpublished price sensitive information. This provision confers discretion on any company to seek such information. For example, a listed company may ask that a management consultant who would advise it on corporate strategy and would need to review unpublished price sensitive information, should make disclosures of his trades to the company.*
