

TATA CAPITAL HOUSING FINANCE LIMITED
Annual Report 2016-17

BOARD'S REPORT

To the Members,

The Board has pleasure in presenting the Ninth Annual Report and the Audited Financial Statements of the Company for the Financial Year ("FY") ended March 31, 2017.

1. BACKGROUND

Tata Capital Housing Finance Limited ("Company" or "TCHFL"), is a wholly owned subsidiary of Tata Capital Limited ("TCL") and is registered with the National Housing Bank ("NHB") to carry on housing finance activities. The Company offers a range of Housing Loans and Loans against Property to various segments of society such as salaried individuals, self-employed individuals, self-employed professionals, corporates, etc. and has been focusing on business opportunities available within the Tata ecosystem.

Apart from Housing Loans and Loans against Property to the retail segment, TCHFL also provides project finance loans to developers. The Company intends to keep growing its business at a healthy rate with Rural and Affordable Housing Finance, as one of its focus areas.

2. INDUSTRY AND ECONOMIC SCENARIO

The year proved that analysts and markets often get it completely wrong. The key surprises globally were Brexit, results of the US elections and impact of the Demonetisation in the largest democracy in the world. It is heartening to note that even in the weak global backdrop, our economy remains a visible bright spot. The macro economic conditions of India are amongst the best they have been in recent times.

This year the incumbent Government pushed ahead with its reform agenda, backed by key wins in the state elections. The outcome of the state elections pushed the equity markets to an all time high in March 2017 and the Rupee witnessed considerable relative strengthening in the current fiscal. The top three reforms during the current fiscal were Demonetisation, Goods and Services Tax and operationalisation of the Monetary Policy Committee.

The third quarter economic growth measured in terms of GDP growth was a positive surprise, when contrasted with estimates based on high frequency indicators, which had clearly pointed to subdued economic activity due to Demonetisation. The above average monsoon after a span of two years has further aided some recovery in the agriculture or agriculture dependent sectors.

During the year, consumer price inflation declined to a three-year low on account of lower vegetable and pulses prices but core consumer inflation remained sticky. The new Governor of the Reserve Bank of India ("RBI") cut rates by 25 bps in his first policy but has since held rates given that the inflation pressures are likely to be exerted by a reviving commodity cycle and global risks to the Indian economy. On the fiscal front, our country's position has improved, helped mainly by controlled spending and higher GDP to the tax ratio. The low crude prices and consequently lower subsidies and higher cesses played an important part in the fiscal strength demonstrated by the Government.

On the interest rate front globally, the Federal Reserve Bank raised rates for the first time in December 2016 and indicated that they could further raise rates upto 3 times in the calendar year 2017. Closer home, the 10-year Government Securities rates declined by approximately 125 bps. The declining interest rates in India were helped by easing liquidity which the RBI mopped up in the course of the year through the Market Stabilisation Scheme in the latter part of the financial year. The outlook on interest rates is mixed as the RBI will need to balance growth objectives, especially post Demonetisation with Inflation targeting. FY 2017-18 may provide some pockets for rate reduction but the key determinants will be the monsoon and uptick in commodity and crude prices driven more largely by artificial supply constraints than the demand side.

The asset quality and growth of the financial services sector saw significant deterioration in the current financial year. The Non Performing Assets ("NPA") of the Banking sector touched approximately 9.2% by September 2016. Overall credit growth declined to single digits, with a divergence observed between the public sector and private sector in terms of credit growth. The lack of credit growth can be attributed partially to lack of capital expenditure by industry but more so to a shift in well rated corporate borrowing through Commercial Papers and Non-Convertible Debentures. The Retail Loans both home and non-home continued to record robust growth.

As we enter the new financial year, the economy is on the cusp of a major transformation, with several policy initiatives set to be implemented shortly. Enhanced spending on infrastructure, speedy implementation of projects and continuation of reforms are expected to drive growth. We have a cautiously optimistic outlook for the next financial year and shall closely track the impact of various Government policies, natural phenomena like the monsoon and impact of key global events on two key aspects of our business i.e. interest rates and credit quality.

The Housing Finance market in India is growing fast over the last 25 years and is served by multiple institutions that cater to people in diverse geographies and across income spreads. Mortgage lending has significantly contributed to the growth in housing construction and housing consumption activities.

Mortgage penetration in India, despite a rising trend, is still quite low not only relative to advanced economies but even relative to its peers like Malaysia, Korea, Thailand and China. Mortgage to GDP ratio in India is currently 9%. This implies a huge growth opportunity for the sector as also for the Company. As per estimates, the total outstanding mortgages in India will increase eight fold with Mortgage to GDP ratio increasing to 20%, by FY 2020.

The Union Budget for FY 2017-18 maintained its focus on the agenda 'Housing for All' by 2022 with 39% higher allocations vis-à-vis FY 2016-17 under the Pradhan Mantri Awas Yojana (PMAY). Further, the Government has accorded the 'infrastructure' status to affordable housing projects, which is likely to encourage the participation of a wider investor community and improve access to funding avenues like insurance and pension funds. The Credit Linked Subsidy Scheme and Middle Income Group Scheme is likely to expand the eligible borrower base and also improve affordability of the borrowers owing to lower equated monthly instalments (EMI) and debt burden ratios. All these supporting factors, coupled with the current low to moderate penetration levels are likely to help growth in the affordable housing segment.

Housing Finance Companies have the advantage of domain expertise, regulatory advantages (No Cash Reserve Ratio or Statutory Liquidity Ratio), NHB refinancing support and low cost income ratio model and appear to be well placed to take advantage and succeed in this changing environment.

8. RISK MANAGEMENT

Risk Management is an integral part of the Company's business strategy. The Risk Management oversight structure includes Committees of the Board and Senior Management Committees. The Risk Management process is governed by the Comprehensive Enterprise Risk Management Framework which lays down guidelines for Risk identification, assessment and monitoring as an ongoing process that is supported by a robust risk reporting framework. Risk Management Framework of the Company covers Credit Risk, Market Risk, Operational Risk, Fraud Risk and other risks. The Risk Management Practices of Tata Capital are compliant with ISO 31000:2009, which is the International Standard for Risk Management, that lays down Principles, Guidelines and Framework for Risk Management in an organisation.

The Risk Management Committee of the Board assists the Board in its oversight of various risks mentioned above. The Risk Management Committee reviews compliance with risk policies, monitors risk tolerance limits, reviews and analyses risk exposures related to specific issues and provides oversight of risk across the organisation.

The Credit Risk management structure includes separate credit policies which define customer assessment criteria, prudential limits, and Delegation of Authority metrics (DoA), etc. and cover risk assessment for new product offerings. Concentration Risk is managed by analysing counter-party, industry sector, geographical region, single borrower and borrower group. Structured Monitoring and Reporting framework is in place for account specific and portfolio reviews. Periodic scenario analysis is conducted and a Risk Mitigation Plan based on the analysis, has been implemented.

Management of Liquidity (Asset Liability and Interest Rate) and Market Risk is carried out using quantitative techniques such as sensitivity and stress testing. The Asset Liability Committee reviews liquidity risk and the interest rate risk profile of the organisation on a regular basis.

The Company has a Board approved Operational Risk Management framework. Ongoing monitoring of Key Risk Indicators ("KRI") is done and corrective actions are implemented on KRI exceptions. A Senior Management oversight committee, viz. the Operational Risk Management Committee, meets periodically to review the operational risk profile of the organisation.

Risks associated with frauds are mitigated through a Fraud Risk Management framework. A Fraud Risk Management Committee comprising Senior Management representatives reviews matters relating to fraud risk, including corrective and remedial actions as regards people and processes.

9. INTERNAL CONTROL SYSTEMS

The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with laws and regulations. The internal control system is supported by an internal audit process for reviewing the design, adequacy and efficacy of the Company's internal controls, including its systems and processes and compliance with regulations and procedures. Internal Audit Reports are discussed with the Management and are reviewed by the Audit Committee of the Board which also reviews the adequacy and effectiveness of the internal controls in the Company. The Company's internal control system is commensurate with the size, nature and operations of the Company.

10. INTERNAL FINANCIAL CONTROLS

The Management had appointed an external consultant and formed a Cross Functional Team ("CFT") comprising Operating Managers, Internal Audit and Risk to document and evaluate the design, adequacy and operating effectiveness of the Internal Financial Controls of the Company, broadly in accordance with the criteria established under the Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Entity Level Control framework document based on COSO 2013 framework has been documented. The documentation of process maps, key controls, standard operating procedures and risk registers has been completed for all businesses and functions under the supervision of the CFT. Further, during FY 2016-17, Management testing has been conducted on a sample basis for all key processes and remedial action has been taken or agreed upon with a finite closure date where control weaknesses were identified. The Internal Audit team has also conducted a review of the Internal Financial Controls and remedial action has been taken or agreed upon with a finite closure date where control weaknesses were identified. There are no material unaddressed Internal Financial Controls related observations outstanding as at March 31, 2017. Based on the above, the Board believes that adequate Internal Financial Controls exist.

11. INFORMATION TECHNOLOGY SUPPORT

Information Technology ("IT") after having achieved stability in the core systems and is close to total

automation of all the business processes. TCHFL's core lending system is now being migrated to an industry standard application. TCHFL has entered into the digital space with several new products. The focus is now on enhancing the digital footprint. The digital strategy is based on the 'nexus of forces' covering social, mobile, analytics and the cloud and internet using the 'bi-modal' delivery approach. The emphasis is on continual improvement and upgradation of systems and underlying processes.

The Company has completed an assessment of its IT capability maturity with a high score. There is a constant endeavour to move up the IT maturity curve (including benchmarking against internationally accepted IT Capability Maturity Framework) and deliver value to businesses and customers. TCHFL has identified several IT projects for the coming year that would give TCHFL a clear advantage and would benefit the stakeholders. TCHFL is well on its way on the 'digitalisation' journey, where in it will deploy the latest technology covering the internet, cloud, analytics, social media and mobility areas. Mobility applications for Retail Loans have been deployed across multiple operating systems. 'TataCapitalHomeLoans' - a mobile app for housing finance prospects and customers has been deployed which enables customers to view their existing account details and also enables prospects to view properties.

The Company is now moving into the leadership stage in its technology journey. The innovation driven projects on the IT road map and the digital strategy initiative will enable the Company to take the leadership position with the support of its technology partners and the business units representing a collaborative framework.

12. HUMAN RESOURCES

The Company recognises people as its most valuable asset and it has built an open, transparent and meritocratic culture to nurture this asset. There were 942 permanent employees on the rolls of Company as on March 31, 2017.

Tata Capital's mission on creating a high performance culture has been further strengthened through areas like building a capability model (identification of critical competencies), nurturing talent through interventions such as mentoring, competency based training programs and cross functional projects.

Talent Management (Apex) is a key people planning tool that provides an integrated means of identifying, selecting, developing and retaining top talent within the organisation. Focus on behavioural and leadership traits through Learning and Development ("L&D") interventions and job rotations are planned for the employees who constitute the Talent Pool.

Tata Capital's second Cultural Survey, based on the ten identified attributes and conducted by the Gallup Organisation, in August 2015, has given it a very healthy and positive score of 4.25 on a scale of 5.

Tata Capital's focus on Employee Engagement has resulted in its overall Employee Engagement Scores (Q12) climbing steadily from 3.52 in 2009 to 4.14 in 2016, in surveys, conducted by the Gallup Organisation.

The Company's L&D initiatives are focused on enhancing the functional and behavioural competencies of its employees through L&D interventions, such as Executive Development Programs, e-learning and various classroom based training programs. In order to encourage e-learning, several new modules such as New Employee Orientation e-learning module, Prevention of Sexual Harassment Policy, Tata Code of Conduct and other functional e-learning modules have been launched.

Tata Capital also achieved key milestones in FY 2016-17, whereby some of the key HR processes were digitised, supporting the fast pace of our growing manpower and thus achieving an objective of improved employee experience, better employee insight and moving towards a paperless environment.

Tata Capital is committed to maintain the highest standards of health, safety and security for its employees and business associates and to operate in a healthy and safe environment. To meet the same, Tata Capital has developed and implemented an Occupational Health & Safety ("OH&S") Management System manual.

The OH&S Management System in Tata Capital, is within the framework of Tata Safety & Health Management System and OHSAS 18001:2007 standard. This document is a comprehensive manual detailing our safety processes, procedures and reports.

The manual describes the OH&S Management System, delineates authorities, inter relationships and responsibilities of the personnel performing within the system. The document is intended to create an empowered workforce by guiding Tata Capital's employees and all stakeholders on various requirements of the standard that must be met and maintained, in order to ensure occupational health and safety stewardship.

13. CORPORATE SUSTAINABILITY AND CORPORATE SOCIAL RESPONSIBILITY

The Tata Group's ethos is deeply ingrained in the philosophy of societal development and is especially focused upon the engagement and upliftment of the disadvantaged sections of the society. The Company is committed

to a policy of inclusive and sustainable growth for the marginalised communities. The Company shares the Group's belief that our society can only truly progress, if every individual can be included and empowered.

To guide us in this journey, the Company has a well-defined Corporate Social Responsibility ("CSR") policy which outlines four thrust areas of development, viz. Livelihood and Employability, Health, Education and Environment as adopted by the CSR Committee of the Board and the same is available on the Company's website, www.tatacapital.com. As per the provisions of Section 135 of the Companies Act, 2013 ("Act"), the Company has constituted a CSR Committee comprising Ms. Anuradha E. Thakur (Chairperson), Mr. Shailesh Rajadhyaksha and Mr. R. Vaithianathan as Members.

During FY 2016-17, the CSR budget of the Company of ₹ 2.86 crore (being 2 percent of the average net profit of the Company, in the three immediately preceding financial years, calculated as per Section 198 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014) was spent towards projects and programmes covered under Schedule VII to the Act. Basis the conceptualisation of the projects under the thrust areas, Tata Capital appraises and empanels reputed NGOs that help implement projects and programmes to bring the desired positive and measurable results for the target beneficiaries. The Annual Report on CSR activities is annexed herewith as Annexure 'A'.

Tata Capital has adopted the Tata Group's Affirmative Action ("AA") Programme since 2008. The AA Programme addresses the 5Es - Essentials, Education, Employability, Employment and Entrepreneurship for the Scheduled Caste ("SC") and Scheduled Tribe ("ST") communities. In the annual AA assessment of Tata Capital's AA strategy and projects conducted by the Tata Business Excellence Group ("TBExG"), Tata Capital moved up by two bands from 451-475 in FY 2015-16 to 501-525 in FY 2016-17. Tata Capital was recognised for taking a responsible business approach, amongst other community driven projects, by giving subsidised loans to businesses owned and operated by SC / ST community members in partnership with Dalit Indian Chamber of Commerce and Industry.

Annexure B**POLICY ON BOARD DIVERSITY AND DIRECTOR ATTRIBUTES****1. PURPOSE**

In terms of Section 178 of the Companies Act, 2013 ("Act") and the Governance Guidelines on Board Effectiveness issued by Tata Sons Limited and adopted by the Board of Directors, the Nomination and Remuneration Committee ("NRC") of the Board is, *inter alia*, required to formulate a Policy on Board Diversity and lay down the criteria for determining qualifications, positive attributes and independence of a director.

Diversity in the composition of the Board of Directors has become essential in view of the expansion of business, greater social responsibility, increasing emphasis on Corporate Governance, need for addressing concerns of diverse stakeholders and the necessity for managing risks in the business effectively. A Board composed of appropriately qualified and skilled people, with a broad range of experience relevant to the business, is important for effective corporate governance and sustained commercial success of a company.

In view of the above, Tata Capital Housing Finance Limited ("TCHFL" or "Company") has framed this Policy on Board Diversity and Director Attributes ("Policy") that encourages diversity of thought, experience, knowledge, perspective, age and gender in the Board. The Policy sets out the approach to diversity in the Board of Directors of the Company so as to ensure that the Board has an appropriate blend of functional and industry expertise.

This Policy has been adopted by the Board of Directors of the Company, based on the recommendations of the NRC.

2. OBJECTIVES OF THE POLICY

The Objectives of the Policy include:

- i. Board to drive diversity and have an appropriate blend of functional and industry expertise;
- ii. While recommending the appointment of a director to, *inter alia*, consider the manner in which the function and domain expertise of the individual contributes to the overall skill domain mix of the Board;
- iii. To help the Company build a better Board that can draw upon a wide range of perspectives, expertise, knowledge and experience;
- iv. To achieve an optimum and balanced Board, with a wide range of attributes;
- v. To encourage healthy and open discussion and promote independence of judgement in Board and Committee deliberations; and
- vi. To have an optimum mix of Executive, Non-Executive and Independent Directors, including Women Directors.

3. POLICY STATEMENT

To meet the above Objectives:

- i. The Board of TCHFL will ensure that a transparent Board nomination process is in place that encourages diversity of thought, experience, skills, knowledge, perspective, age, nationality, gender, cultural and educational background;
- ii. It will be ensured that the Board has an appropriate blend of functional and industry expertise and skills;
- iii. The consideration and selection of candidates for appointment to the Board will be based on merit

which shall include a review of any candidate's integrity, experience, educational background, industry or related experience and more general experience;

- iv. Candidates that bring a diversity of background and opinion from amongst those candidates with the appropriate background and industry or related expertise and experience and having the ability to devote sufficient time to the affairs of the Company, should be considered for appointment to the Board; and
- v. While recommending the appointment of a Director, the NRC will consider the criteria as laid down under the Act and applicable Regulations/Guidelines issued by Statutory and Regulatory Authorities, as also those issued by Tata Sons Limited, from time to time, and the manner in which the function and domain expertise of the individual will contribute to the overall skill-domain mix of the Board.

4. MEASURABLE OBJECTIVES

The NRC will largely rely on the regulatory provisions of the Act, and the Regulations/ Guidelines issued by the National Housing Bank as also the Guidelines circulated by Tata Sons Limited and review the measurable objectives for achieving diversity against these provisions and recommend the same to the Board for adoption. At any given point of time, the Board may seek to improve one or more aspects of its diversity and measure progress accordingly.

5. MONITORING AND REPORTING

The NRC will review the Policy periodically, which will include an assessment of the effectiveness of the Policy. The NRC will discuss any revision that may be required and recommend the same to the Board for approval.

Remuneration Policy

1. COMPENSATION PHILOSOPHY

Tata Capital Housing Finance Limited ("Company") has adopted a Remuneration Policy based on a defined formal compensation philosophy of Tata Capital Limited, the holding company. In order to build a high performance culture, aligned to the Company's Vision and Goals, the Compensation Philosophy aims at providing a significant differential to superior performers and also segregating increments and performance payouts, based on the actual performance of various business verticals.

The aforementioned Compensation Philosophy helps the Company to manage long term fixed cost, keep up with market compensation and attract the right talent to help drive its growth plans.

The performance of the Company and its Business Units / Functions is measured against annual budgets / targets, set as per the Balanced Score Card (BSC). Performance of individuals is measured against Key Result Areas (KRAs) set at beginning of year and after considering any revision of target during the year. The Annual Performance Rating would be considered for calculating the Performance Pay. Rating would be on a 5 point scale.

Consistent with the principle of differential influence that an employee may have on the overall performance of the Company, different weights are assigned for the Company's performance, the performance of Business Units / Functions and the performance of individuals. Thus, employees in entry level / junior management have greater weightage for individual performance while employees in senior leadership roles have maximum weightage for Company and Business Unit Performance.

2. REMUNERATION POLICY FOR DIRECTORS, KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES

The philosophy for remuneration of Directors, Senior Leadership Team, Key Managerial Personnel ("KMP") and all other employees of the Company is based on the commitment to fostering a culture of leadership with trust. The Remuneration Policy is aligned to this philosophy.

This Remuneration Policy has been prepared pursuant to the provisions of Section 178(3) of the Companies Act, 2013 ("**Act**"). In case of any inconsistency between the provisions of law and this Remuneration Policy, the provisions of law shall prevail and the Company shall abide by the applicable law. In case there are any changes in the law, the Company shall comply with the applicable amended provisions. While formulating this Remuneration Policy, the Nomination and Remuneration Committee ("**NRC**") has considered the factors laid down under Section 178(4) of the Act which are, as under:

- "(a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;*
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and*
- (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals."*

The key principles governing this Remuneration Policy are, as follows:

2.1 Remuneration for Independent Directors and Non-Independent Non-Executive Directors

- (i) Independent Directors ("ID") and Non-Independent Non-Executive Directors ("NED") may be paid Sitting Fees (for attending the meetings of the Board and of Committees of the Board of which they may be Members) and Commission within regulatory limits.
- (ii) Within the parameters prescribed by law, the payment of Sitting Fees and Commission will be recommended by the NRC for approval of the Board.
- (iii) Overall remuneration (Sitting Fees and Commission) should be reasonable and sufficient to attract, retain and motivate directors aligned to the requirements of the Company (taking into consideration, the challenges faced by the Company and its future growth imperatives).
- (iv) Overall remuneration should be reflective of the size of the Company, complexity of the sector / industry / Company's operations and the Company's capacity to pay the remuneration.

- (v) Overall remuneration practices should be consistent with recognized best practices.
- (vi) Quantum of Sitting Fees may be subject to review on a periodic basis, as required.
- (vii) The aggregate Commission payable to all the NEDs and IDs will be recommended by the NRC to the Board based on Company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters, as may be decided by the Board.
- (viii) The NRC will recommend to the Board, the quantum of Commission for each director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent at Board and Committee Meetings, individual contribution at the Meetings and contributions made by directors, other than at Board and Committee Meetings.
- (ix) In addition to the Sitting Fees and Commission, the Company may pay to any director such fair and reasonable expenditure, as may have been incurred by the director while performing his / her role as a director of the Company. This could include reasonable expenditure incurred by the director for attending Board / Board Committee Meetings, General Meetings, Court convened Meetings, Meetings with Shareholders / Creditors / Management, site visits, induction and training (arranged by the Company for directors) and in obtaining professional advice from independent advisors in the furtherance of his / her duties as a director.

2.2 Remuneration for Managing Director (“MD”) / Executive Directors (“ED”) / KMP / rest of the employees ^(Note 1)

- (i) The extent of overall remuneration to the MD / ED / KMPs / rest of the employees should be sufficient to attract and retain talented and qualified individuals suitable for their roles.

Hence, remuneration should be:

- market competitive (market for every role is defined as companies from which the company attracts talent or companies to which the company loses talent);
 - driven by the role played by the individual;
 - reflective of the size of the company, complexity of the sector / industry / Company's operations and the Company's capacity to pay;
 - consistent with recognized best practices; and
 - aligned to any regulatory requirements.
- (ii) In terms of remuneration mix or composition,
 - the remuneration mix for the MD / EDs should be as per the contract approved by the Shareholders. In case of any change which is beyond the remuneration approved by the Shareholders, the same would require the approval of the Shareholders.
 - basic / fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience.
 - in addition to the basic / fixed salary, the Company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings and tax optimization, where possible. The Company also provides all employees with a social security net (subject to limits) by covering medical expenses and hospitalization through re-imbursing or insurance cover and accidental death and dismemberment through personal accident insurance.
 - the Company provides retirement benefits, as applicable.
 - in addition to the basic / fixed salary, benefits, perquisites and allowances as provided above, the Company may provide MD / EDs such remuneration by way of Commission, calculated with reference to the Net Profits of the Company in a particular financial year, as may be determined by the Board, subject to the overall ceilings stipulated in Section 197 of the Act. The specific amount payable to the MD / EDs would be based on the performance of the MD / EDs as evaluated by the Board or the NRC and approved by the Board.

OR

- In addition to the basic / fixed salary, benefits, perquisites and allowances as provided above, the Company may provide to its MD / EDs, such remuneration by way of an annual incentive

remuneration / performance linked bonus subject to the achievement of certain performance criteria and such other parameters as may be considered appropriate from time to time by the Board. An indicative list of factors that may be considered for determination of the extent of this component are:

- Company's performance on certain defined qualitative and quantitative parameters, as may be decided by the Board from time to time,
 - Industry benchmarks of remuneration,
 - Performance of the individual.
- The Company will provide the rest of the employees, a performance linked incentive pay. The performance linked pay would be driven by the outcome of the performance appraisal process and the performance of the Company.

2.3 Remuneration payable to Director for services rendered in other capacity

No remuneration will be payable to the Directors for services rendered by such Director in any other capacity unless:

- a) The services rendered are of a professional nature;
- b) The NRC is of the opinion that the director possesses requisite qualification for the practice of the profession; and
- c) Approval of the Central Government has been received, if required, for paying the same.

2.4 Loans to employees

The Company may grant loans to its employees on such terms and conditions as may be determined by the Board or any Committee of the Board, from time to time, in accordance with applicable laws.

2.5 Policy implementation

The NRC is responsible for recommending the Remuneration Policy to the Board. The Board is responsible for approving and overseeing implementation of the Remuneration Policy.

^{Note 1} *Excludes employees covered by any long term settlements or specific term contracts. The remuneration for these employees would be driven by the respective long term settlements or contracts.*

POLICY ON RELATED PARTY TRANSACTIONS**1. Executive Summary**

This Policy is being framed with the objective of ensuring compliance with the provisions pertaining to Related Party Transactions in the Companies Act, 2013 ("Act").

Related Party Transactions referred to throughout this Policy shall mean contracts / arrangements / transactions with a Related Party (as defined under the Act). Accordingly, Related Party Transactions may be entered into by the Company only in accordance with this Policy as amended from time to time.

The Policy covers following Sections:-

Objective:- Lays down the intent and requirement for drafting this Policy.

Scope:- To give an overview of the legal provisions applicable to Related Party Transactions and lay down the processes for identifying Related Parties and the Related Party Transaction approval.

Definition:- Specifies the key definitions stated in the Act.

Key Principles:-

- (a) Identification, Review of Related Party Transactions
- (b) Broad Parameters to Assess: Ordinary Course of Business
- (c) Broad Parameters to Assess: Arm's Length
- (d) Materiality Thresholds for Related Party Transactions

Going forward, the Audit Committee would review and recommend amendments to the Policy, as and when required, subject to the approval of the Board.

2. Objective

Section 188 of the Act and the Rules made thereunder require the approval of the Board and the Shareholders of a company for certain transactions entered into by a company with its Related Parties.

Related Party Transactions can present potential or actual conflicts of interest and may raise questions whether such transactions are in the best interest of the Company and its Shareholders. Therefore, this Policy has been adopted by the Company's Board of Directors, to ensure high standards of Corporate Governance while dealing with Related Parties and sets forth the procedures under which the Related Party Transactions must be reviewed, approved or ratified and reported.

This Policy has been drafted with an objective of ensuring compliance with the provisions pertaining to Related Party Transactions under the Act.

3. Scope

Accordingly, this Policy has been adopted to:

- (a) give an overview of the legal provisions applicable to Related Party Transactions;
- (b) lay down the process for identifying Related Parties;
- (c) identify factors for determining whether a transaction with a Related Party is:
 - on an Arm's Length basis
 - in the Ordinary Course of Business
- (d) for approval / noting of Related Party Transactions.

Note 1:- This Policy is for the purpose of identifying Related Party Transactions and the relevant approval methodology for compliance with the Act and the Rules framed thereunder.

Note 2:- Provisions of this Policy would be subject to revision / amendment in accordance with the Rules, Regulations, Notifications, etc. on the subject as may be issued by relevant statutory authorities, from time to time. In case of any amendment(s), clarification(s), circular(s), etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s), clarification(s), circular(s), etc. shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s), etc.

4. **Definition**

All capitalised terms used in this Policy document but not defined herein shall have the meaning ascribed to such term in the Act and the Rules framed thereunder, as amended from time to time.

5. **Identification and Monitoring of Related Parties**

The Secretarial Team shall update the Reference List on the basis of intimations received from the Directors / KMPs or changes in corporate or investment structure, as informed from time to time.

The names / details of all Related Parties identified shall be consolidated, as a Reference List and this Reference List shall be updated on a regular basis by the Secretarial Team.

This Reference List and subsequent updates, as prepared by the Secretarial Team, shall be progressively shared by the Controllership Team with all Business Heads (Division Heads or higher) / Functional Heads, for compliance at their end.

All Related Party Transactions for the period shall be reported to the Company Secretary who shall place the same for approval / noting / ratification by the Audit Committee, in accordance with this Policy.

To review a Related Party Transaction, the Board / Audit Committee will be provided with all the relevant information pertaining to the Related Party Transaction, including the name of the related party, the nature of the relationship, nature of the transaction, whether the transaction is in the 'Ordinary Course of Business', whether the transaction is at 'Arm's Length' and any other matter, as may be required.

The process and controls with respect to identification monitoring of Related Parties and execution of Related Party Transactions would be vis-à-vis an appropriate Framework, as approved by the Board, Audit Committee and Management, instituted for compliance with this Policy.

For assessing whether the transaction is in the Ordinary Course of Business and Arm's Length, Clause 6 of this Policy shall be referred to.

6. **Key Principles**

A. **Broad Parameters to assess - Ordinary Course of Business**

The phrase Ordinary Course of Business is not defined under the Act or Rules made thereunder. The Company shall adopt a reasonable approach / methodology to demonstrate 'Ordinary Course of Business' which shall, *inter alia*, include the Nature of the transaction, the frequency / regularity / length of time the company is engaged such transaction, such transaction / action is consistent with the past practices and was taken in the ordinary course of the normal day-to-day operations of such company, common commercial practice i.e. customarily taken, in the ordinary course of the normal day-to-day operations of other companies that is in the same / similar line of business.

The Company shall adopt an appropriate framework to assess whether transactions with related parties are done in the ordinary course of business and Company adopts generally accepted practices and principles in determining whether the transaction is in the 'Ordinary Course of Business'.

B. **Broad Parameters to assess – Arm's Length**

For transactions between two related parties to be considered to be at Arm's Length Pricing, the transaction should be conducted between the two parties as if the parties were unrelated, so that there is no conflict of interest i.e. Arm's Length Pricing is the condition or the fact that the two related parties transact as independent (un-related) parties and on an equal footing from one or more of the following aspects viz. nature of goods / services, risk assumed, assets / resources employed, key terms / covenants.

In the absence of any guidelines on Arm's Length Pricing in the Act, the Company shall adopt reasonable approach / methodology to demonstrate Arm's Length Pricing for the specified Related Party Transactions identified, which shall, *inter alia*, include, the nature of the transaction, description of functions to be performed, risks to be assumed and assets to be employed, key terms / special terms in the arrangement forming part of a composite transaction;

The Company shall adopt an appropriate framework to assess whether transactions with related parties are done at an Arm's Length and Company adopts generally accepted practices and principles in determining whether the transaction is at "Arm's Length".

C. Materiality Thresholds for Related Party Transactions

- (a) The transactions with related parties in the ordinary course of business and at arm's length within the monetary threshold ("**de minimis threshold**") as approved by the Audit Committee / Board, from time to time, will be placed before the Audit Committee for noting, on a half yearly basis.
- (b) The Board has stipulated that transactions with related parties in the ordinary course of business and at arm's length that cross the *de minimis* threshold would require prior approval of the Audit Committee.
- (c) The Company follows Materiality Thresholds for Related Party Transactions as per the Companies Act, 2013 and the applicable Rules framed thereunder for transactions with related parties which are not in the ordinary course of business and/or not at arm's length basis.

The Company shall institute appropriate framework to provide for approvals / noting of all Related Party Transactions to be in compliance with this Policy.

7. Disclosure

The Policy shall be published on the Company's website <http://www.tatacapital.com>.

ANNEXURE I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry structure and developments

Please refer to Para 2 of the Board's Report.

2. Opportunities and Threats

The Housing Finance sector in India is large with significant growth potential and has consistently created value for its shareholders. The Housing Finance sector has a double digit credit market share and has consistently gained market share from banks over the last 10 years. The growth in the sector appears sustainable as India has a low Mortgage penetration. Further, many structural factors are supportive of growth in Housing Finance Companies growth namely favourable demographics, increasing urbanization, Government of India's focus on "Housing for All by 2020", infrastructure status accorded to Affordable Housing and favorable regulatory environment. The Real Estate (Regulation and Development) Act would help in protecting the interest of the consumer and promoting the growth of real estate sector in an environment of trust, confidence, credible transactions and efficient time bound execution of the projects. In order for the sector to sustain its advantages, companies in the sector need to grow in a prudent manner while focusing on financial innovation, analytics, digital and adequate risk management systems and procedures.

The growth in institutional housing finance in the past was largely Skewed towards higher and middle income segments, based on the supply side factors. This led to accumulation of housing shortage in the lower and economically weaker segments. However, with the introduction of Pradhan Mantri Awas Yojna, Credit Linked Subsidy Scheme for Economically Weaker Sections and Low Income Group and Schemes for the Middle Income Group, the demand in the affordable housing segment will increase.

The National Housing Bank ("NHB") constantly issues new regulations and / or modifies existing regulations so as to balance the multiple objectives of financial stability, consumer and depositor protection and Concerns regarding regulatory arbitrage.

A balance in the mix of the portfolio and leveraging the cross-sell potential will enable the Company to emerge as a preferred partner for housing finance needs of the customer. We believe our digital assets across the social media, mobile and the web provide reach, operating efficiency and improved customer experience will be an opportunity for us to capitalize on in the coming years.

Asset quality deterioration may not only wipe out the profits out of the Company but may eat into its Net Worth. The Company, therefore, needs to ensure that it maintains minimal delinquency levels through adequate levels of provisioning. It will be critical to retain talent at the right cost for effectively building a high performance organization with an engaged and young workforce.

Adequate funding, at the right cost and tenure will be critical to achieve business growth.

Newer regulatory updates pose a constant challenge for smooth operations of the Company. The Company needs to be equipped to quickly adapt to the constant changes in regulations and in the competitive landscape. With new housing finance companies, small banks, and fintech companies entering the market place, the Company needs to maintain its competitive edge through constant adaptation and by creating strategies to protect its niche areas.

3. Segment-wise or product-wise performance of the Company

Please refer to Para 3 of the Board's Report.

4. Outlook

The Outlook of the Company for the year ahead is to stabilize its asset quality across the portfolio. The Company will focus on scaling its Affordable and Rural portfolio and increase its presence in the Tata eco system. The Company will open new branches to increase its presence and reach. The Company would change its product mix and improve penetration in high yielding segments. The Company would use analytics to prioritize collections and improving collection efficiency. The Company, as a whole, will focus on balanced measured growth, asset quality, cross selling opportunities, digital and analytics.

5. Risks and Concerns

Please refer to Para 8 of the Board's Report.

6. Internal control systems and their adequacy

Please refer to Para 9 of the Board's Report.

7. Discussion on financial performance with respect to operational performance

Please refer to Para 3 of the Board's Report.

8. Material developments in Human Resources / Industrial Relations front, including number of people employed

Please refer to Para 12 of the Board's Report.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, based on our audit, we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts as at 31st March, 2017, for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The Company has provided requisite disclosures in the financial statements as regards its holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November 2016 to 30th December 2016; Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the books of account maintained by the Company and as produced to us by the Management.
2. As required by the Companies (Auditors' Report) Order, 2016 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Tata Capital Housing Finance Limited (the “Company”) as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Tata Capital Housing Finance Limited (the "Company") was incorporated on October 15, 2008. The Company obtained the certificate of registration under the National Housing Bank ("NHB") as required under Section 29A of the NHB Act, 1987 on April 2, 2009. The Company is a wholly owned subsidiary of Tata Capital Limited. The main objects of the Company, inter alia are to carry out the business of providing long term finance to individuals, companies, corporations, societies or association of persons for purchase / construction / repair and renovation of new / existing flats / houses for residential purposes and provide property related services.

2 SIGNIFICANT ACCOUNTING POLICIES

i BASIS FOR PREPARATION OF ACCOUNTS

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 (the "Act"), as applicable, the National Housing Bank Act, 1987 and the Housing finance companies, (NHB) Directions, 2010. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except for change in the accounting policy for share issue expenses as more fully described in Note No 2(xi) and change in accounting policy for dividend (including dividend distribution tax) as more fully described in Note 2(xviii).

ii USE OF ESTIMATES

The preparation of financial statements require the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses for the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods. Example of such estimates includes provision for non - performing loans, provision for employee benefit plans and provision for income taxes.

iii REVENUE RECOGNITION

Interest income on loans

Income on loan transactions is accounted for by using the internal rate of return method. Consequently, a constant rate of return on net outstanding amount is accrued over the period of the contract, except that no income is recognised on non-performing assets as per the prudential norms for income recognition issued by the NHB for Housing Finance Companies (the HFC's). Interest income on such assets is recognised on receipt basis.

Repayment of housing loans is generally by way of Equated Monthly Installments (EMIs) comprising principal and interest. Generally EMIs commence once the entire loan is disbursed. Pending commencement of EMIs, pre-EMI interest is payable every month. Interest on loans is computed on a monthly rest basis.

Upfront / Loan Processing fees collected from the customer are primarily towards documentation charges. Such fees are accounted as income when the amount becomes due provided recovery thereof is not uncertain.

Income from Current and Long-term Investments

Income from sale of units of mutual funds is accounted when the units of mutual funds are actually sold.

Income from dividend on shares of corporate bodies and units of mutual funds is accounted on accrual basis when the Company's right to receive dividend is established.

iv PROVISION ON NON PERFORMING / STANDARD LOANS AND DOUBTFUL DEBTS

Loans are initially recorded at the disbursed principal amounts and are subsequently adjusted for recoveries and any unearned income. Loans are carried net of the allowances for credit losses.

A loan is recognised as non-performing ("NPA") at the earlier of the date it has been individually provided for when the Company is no longer reasonably assured of the timely collection of the full amount of principal and interest and a loan where the repayment installment or interest has been in arrears for 90 days.

The provision on Standard and Non Performing Loans is made as per the prudential norms prescribed in the Housing Finance Companies (NHB) Directions, 2010 as amended. Additional provisions (over and above the prudential norms) if required is made as per the Guidelines approved by the Board of Directors from time to time.

Provisions are established on a collective basis against loan assets classified as "Standard" to absorb credit losses on the aggregate exposures in each of the Company's loan portfolios based on the NHB Directions.

v **SECURITISATION / ASSIGNMENT**

Securitised/ Assigned assets are derecognised, if and only if, the Company loses control of the contractual rights that comprise the corresponding pools or mortgages transferred. Transfers of pools of mortgages under the current programs involve transfer of proportionate shares in the pools of mortgages. Such transfers result in de-recognition only of that proportion of the mortgages as meet the de-recognition criteria. The portion retained by the Company continue to be accounted for as loans as described above.

As stated in the Guidance Note on Accounting for Securitisation issued by the Institute of Chartered Accountants of India, on de-recognition, the difference between the book value of the securitised/ assigned asset and consideration received is recognised as gain arising on securitization/ assignment in the Statement of Profit and Loss over the balance maturity period of the pool transferred. Losses, if any, arising from such transactions, are recognised immediately in the Statement of Profit and Loss.

vi **INVESTMENTS**

Investments are classified into non-current and current investments.

a. **Non-current investments**

Non-current investments are investments intended to be held for a period of more than a year. Non-current investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

b. **Current investments**

Current investments are investments intended to be held for a period of less than a year. Current investments are stated at the lower of cost and market value, determined on an individual investment basis.

vii **PROPERTY, PLANT AND EQUIPMENT**

a. **Tangible:**

Tangible property, plant and equipment are stated at cost of acquisition including any cost attributable for bringing asset to its working condition, which comprises of purchase consideration and other directly attributable costs of bringing the assets to their working condition for their intended use less accumulated depreciation.

b. **Intangible:**

Acquired intangible assets other than Goodwill are measured at cost less amortisation.

Expenses on software support and maintenance are charged to the Statement of Profit and Loss during the year in which such costs are incurred.

c. **Capital work-in-progress:**

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

d. Intangible assets under development:

Expenditure on development eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use

viii DEPRECIATION

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of Buildings, Plant & Machinery, Computer Equipment and Vehicles, where the life of the assets has been assessed based on the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement etc.

All capital assets with individual value less than ₹ 5,000 are depreciated fully in the year in which they are purchased.

Estimated useful life considered by the Company are:

ix TAXATION

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax corresponds to the net effect of tax on all timing differences, which occur as a result of items being allowed for income tax purposes during a year different from when they were recognised in the financial statements.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax relating to items directly recognised in reserves are recognised in reserves and not in the Statement of Profit and Loss.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing

evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

x SERVICE TAX INPUT CREDIT

Service tax input credit is accounted for in the books in the year in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

xi SHARE ISSUE EXPENSES

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Statement of Profit and Loss.

xii DEFERRED REVENUE EXPENDITURE

Debenture issue expenses and Loan processing charges incurred on debentures / loans taken is amortised over the tenure of debentures / loan or over a period of 36 months whichever is earlier.

Loan sourcing cost is amortised over a period of 84 / 60 / 18 months for Home loan, Home equity and Builder loan respectively.

xiii PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when the Company has present obligations, as result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of obligation. Contingent liabilities are not recognised but disclosed in the financial statements. A Contingent asset is neither recognised nor disclosed in the financial statements.

xiv CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

xv EARNINGS PER SHARE

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

xvi EMPLOYEE BENEFITS

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

Defined-contribution plans

The eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' salary), which is recognised as an expense in the Statement of Profit and Loss in the year in which they occur. These contributions as specified under the law are paid to the provident fund set up as irrevocable trust by the Company. The Company is generally liable for annual contributions and any shortfall in the fund assets based on the government specified minimum rates of return and recognises such contributions and shortfall, if any, as an expense in the year incurred.

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined-benefit plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the year in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the year in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the year in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled. Long Service Awards are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date.

xvii SEGMENT REPORTING

The Company is engaged in the business of providing loans for purchase, construction, repairs and renovation etc., of houses/ flats to individuals and corporate bodies and has its operations within India. There being only one 'business segment' and 'geographical segment', the segment information is not provided.

xviii DIVIDEND (INCLUDING DIVIDEND DISTRIBUTION TAX)

Interim dividend declared to equity and / or preference shareholders, if any, is recognised as liability in the period in which the said dividend has been declared by the Directors. Final proposed dividend declared to equity and / or preference shareholders, if any, is recognised in the period in which the said dividend has been approved by the Shareholders.

29. Employee benefits

Defined Contribution Plans

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Company offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund cover substantially all regular employees. While both, the employees and the Company pay predetermined contributions into the provident fund, contributions into the family pension fund are made by only the Company. The contributions are based on a certain proportion of the employee's salary. The Company recognised a charge of ₹ 342 Lakh (Previous year ₹ 253 Lakh) towards provident fund and family pension fund contribution and ₹ 15 Lakh (Previous year ₹ 15 Lakh) towards contribution to superannuation fund in the Statement of Profit and Loss during the current year. The provident fund set up as a Trust by the Holding Company, Tata Capital Limited, manages the contributions from the Company and other participating fellow subsidiaries. As of March 31, 2017, the accumulated members' corpus of the Company is ₹ 2,277 lakh whereas the total fair value of the assets of the fund and the total accumulated members' corpus is ₹ 16,858 lakh and ₹ 16,969 lakh respectively. In accordance with

an actuarial valuation, there is no deficiency in the interest cost as the present value of the expected future earnings on the fund is greater than the expected amount to be credited to the individual members based on the expected guaranteed rate of interest of 8.65% for the first year and 8.60% thereafter. The actuarial assumptions include discount rate of 7.50%.

Defined Benefits Plans

The Company offers its employees defined-benefit plans in the form of a gratuity scheme (a lump sum amount), (Included as part of contribution to provided fund, superannuation fund and other funds as referred in Note 26 of Employee Benefit Expenses). Benefits under the defined benefit plans are typically based on years of service and the employee's compensation (generally immediately before retirement). The gratuity scheme covers substantially all regular employees. Commitments are actuarially determined at year-end. These commitments are valued at the present value of the expected future payments, with consideration for calculated future salary increases, using a discount rate corresponding to the interest rate estimated by the actuary having regard to the interest rate on government bonds with a remaining term that is almost equivalent to the average balance working period of employees. On adoption of the Accounting Standard (AS 15) on "Employee Benefits", actuarial valuation is done based on "Projected Unit Credit" method. Gains and losses of changed actuarial assumptions are charged to the Statement of Profit and Loss.
